DAL 1983 SPECIALISTI DEI RICAMBI MOTORE

Engine Spare Parts Specialist since 1983

La Mec-Diesel S.p.A. è uno dei più importanti fornitori europei di parti di ricambio per autocarri, veicoli commerciali, autobus, autovetture, macchine agricole e movimento terra nell'**Independent Aftermarket (IAM)**.

L'azienda è stata fondata a **Torino** nel **1983**; oggi conta 26 punti vendita in Europa: sei in **Italia**, dodici in **Romania**, sette in **Bulgaria** ed uno in **Francia**. La prossimità al cliente permette di garantire un ottimo servizio consegnando i ricambi nel minor tempo possibile.

Specializzata nei ricambi motore con il suo marchio private label **Mec-Diesel**, negli anni l'azienda ha allargato la gamma a prodotti di terzi. Seguendo questa filosofia è nato nel 2018 **Blinken**: un altro marchio private label specializzato nell'alimentazione e nell'iniezione, nella gestione elettrica del motore, nelle EGR e nei corpi farfallati, nei sistemi di accensione e nelle macchine rotanti, nel termico, nel raffreddamento e nella sensoristica.

Nell'ottica di offrire una gamma di prodotti sempre più completa, nel 2019 Mec-Diesel acquisisce ERAR srl, azienda monzese specializzata nella fornitura di ricambi per il veicolo industriale e autobus. Con la creazione del marchio **ERAR**, l'azienda si specializza nella distribuzione di due nuove linee prodotto: illuminazione, sistema frenante e aria compressa.

Il cuore degli oltre 250 collaboratori rimane legato al motore per applicazioni italiane, IVECO e FIAT, lo si percepisce dalla professionalità nell'individuare il giusto ricambio per la manutenzione e la revisione dei motori e nel trovarli sempre disponibili a magazzino.

*MEC-DIESEL S.p.A. is one of the most important European suppliers of spare parts for trucks, commercial vehicles, buses, passenger cars, agricultural and earthmoving machinery in the **Independent Aftermarket (IAM)**.*

*The company was founded in **Turin**, Italy, in **1983**. Today it has 26 sales points throughout Europe: 6 in **Italy**, 12 in **Romania**, 7 in **Bulgaria** and 1 in **France**. The company guarantees an excellent service by delivering the spare parts as quickly as possible thanks to its customer proximity.*

*Specialized in engine spare parts with its private label **Mec-Diesel**, the company has expanded its range to third-party products over the years. Following this philosophy, **Blinken** was born in 2018: a new private label specialized in power and injection, electrical components, EGR and throttle bodies, ignition system, rotating machines, thermal system and sensors.*

In order to provide a products range even more complete, Mec-Diesel acquired ERAR srl in 2019: a distributor specialized in spare parts for commercial vehicles and buses applications.

*Under **ERAR** brand, the company supplies two new products lines: lighting and air-brake division.*

The core business focuses on engines for Italian applications such as Iveco and Fiat. Thanks to its technical expertise, Mec-Diesel staff is able to identify the correct spare part among tens of thousands always available in stock.
