DAL 1983 SPECIALISTI DEI RICAMBI MOTORE

Engine Spare Parts Specialist since 1983

Mec-Diesel S.p.A. è uno dei più importanti fornitori europei di parti di ricambio per autocarri, veicoli commerciali, autobus, autovetture, macchine agricole e movimento terra nell'**Independent Aftermarket (IAM)**.

L'azienda è stata fondata a **Torino** nel **1983**; oggi conta 25 punti vendita in Europa: quattro in **Italia**, dodici in **Romania**, otto in **Bulgaria** ed uno in **Francia**. La prossimità al cliente permette di garantire un ottimo servizio consegnando i ricambi nel minor tempo possibile.

Specializzata nei ricambi motore con il suo marchio private label **Mec-Diesel**, negli anni l'azienda ha allargato la gamma a prodotti di terzi. Seguendo questa filosofia è nato nel 2018 **Blinken**: un altro marchio private label specializzato nell'alimentazione e nell'iniezione, nella gestione elettrica del motore, nelle EGR e nei corpi farfallati, nei sistemi di accensione e nelle macchine rotanti, nel termico, nel raffreddamento e nella sensoristica.

Nell'ottica di offrire una gamma di prodotti sempre più completa, nel 2019 Mec-Diesel acquisisce ERAR srl, azienda monzese specializzata nella fornitura di ricambi per il veicolo industriale e autobus. Con la creazione del divisione **ERAR**, l'azienda si specializza nella distribuzione di due nuove linee prodotto: illuminazione, sistema frenante e aria compressa.

Il cuore degli oltre 250 collaboratori rimane legato al motore per applicazioni italiane, IVECO e FIAT, lo si percepisce dalla professionalità nell'individuare il giusto ricambio per la manutenzione e la revisione dei motori e nel trovarli sempre disponibili a magazzino.

*MEC-DIESEL S.p.A. is one of the most important European suppliers of spare parts for trucks, commercial vehicles, buses, passenger cars, agricultural and earthmoving machinery in the **Independent Aftermarket (IAM)**.*

*The company was founded in **Turin**, Italy, in **1983**. Today it has 25 sales points throughout Europe: 4 in **Italy**, 12 in **Romania**, 8 in **Bulgaria** and 1 in **France**. The company guarantees an excellent service by delivering the spare parts as quickly as possible thanks to its customer proximity.*

*Specialized in engine spare parts with its private label **Mec-Diesel**, the company has expanded its range to third-party products over the years. Following this philosophy, **Blinken** was born in 2018: a new private label specialized in power and injection, electrical components, EGR and throttle bodies, ignition system, rotating machines, thermal system and sensors.*

*In order to provide a products range even more complete, Mec-Diesel acquired ERAR srl in 2019: a distributor specialized in spare parts for commercial vehicles and buses applications. Under **ERAR** division, the company supplies two new products lines: lighting and air-brake division.*

The core business focuses on engines for Italian applications such as Iveco and Fiat. Thanks to its technical expertise, Mec-Diesel staff is able to identify the correct spare part among tens of thousands always available in stock.

GAMMA APPLICAZIONI F1C

Product line suitable for F1C

MEC DIESEL S.p.A, leader nel settore dei componenti motore, nell'ottica di fornire un servizio completo nei confronti dei suoi clienti, mette a disposizione l'intera gamma di prodotti necessari per il ripristino dei motori della famiglia **F1C**.

I componenti proposti sono raccolti per semplificare la ricerca su di un unico catalogo dedicato, riportando riferimenti OEM, riferimenti Mec Diesel, descrizioni, applicazioni, tipo motore e specifiche tecniche, fornendo i dati necessari per identificare il corretto particolare e garantire la miglior funzionalità del motore stesso.

MEC DIESEL S.p.A.

*MEC DIESEL S.p.A, the engine spare parts leader, in order to provide a complete service to its customers, offers a full range of products required to rebuilt **F1C** engines.*

This catalogue is meant to simplify products requests for our Valued Customers, providing OEM references, Mec Diesel references, descriptions, applications, engine types and technical specifications, in order to identify the correct spare part and ensure the best functionality of the engine.

MEC DIESEL S.p.A.
